### **Course Description:**

Spanish II is a continuation of Spanish I. This class will focus on verb conjugations and sentence development, with a heavier emphasis on grammar. Each student will use a Spanish-speaking language helper to practice Spanish language skills. We will also develop a culture file, exploring several Spanish speaking countries.

### **Course Notes:**

Class time will be spent with instruction and oral practice. Homework will consist of language listening, memorization, and workbook assignments. Quizzes and quarterly exams are given. Parents are responsible to ensure the student does the weekly assigned work. Grades will be determined from homework assignments, quizzes, exams, and cultural studies.

### **Course Prerequisites:**

The student must have passed Webworks Spanish I, or an equivalent high school Spanish I class.
