Course Description:

Parents and children alike will benefit from this grammar intensive, designed to make learning grammar as easy and fun as possible. Highly visual methods, using color coding and simple explanations, provide the student a fun and easy approach to learning. We will learn the basic sentence patterns and build increasingly sophisticated sentence structures with phrases and clauses. Students will learn to analyze sentences by breaking down the parts, understanding the components, and rebuilding stronger sentences with a better understanding of mature sentence structure. Diagramming sentences has never been easy to understand.

Parents will need to check work for which answer keys are provided.

Tutor Bio:

I came to know the Lord at five years old but lacked solid teaching and discipleship until after my husband Todd and I were married in 1989 and had our first child in 1991. It is our pleasure to have four children. We have two girls, 16 and 14, and two boys, 14 and 10. We are blessed.

Education & Experience:

I hold a B.S. in English Education with a minor in psychology and a drama concentration from Liberty University. I have been certified previously by the State of Virginia and the American Association of Church Schools, and have 18 CEU's in computer application software. I also attended New Tribes Bible Institute and New Tribes Missions Institute in the late 1990s before we became missionaries in the training program with New Tribes Bible Institute in Jackson, MI. 2011-2012 will be my thirteenth year with the HomeSchoolWorks programs.

I have learned what works and what doesn't and how to individualize instruction for students and families with diverse needs. I look forward to partnering with you to meet your family's needs.
