

See what the enhanced Collegeworks Program has to offer!

OUR NEW COLLEGEWORKS CLASSES PROVIDE:

- Instruction on the subject content that would be taught in a regular college class, covered with a Biblical Worldview. The goal is to present the course material in a way which will adequately prepare the diligent student to successfully test and receive credit by examination (CBE).
- Instructors who are highly qualified in the field in which they are teaching, and understand the importance of a Biblical education.
- Practice in both test taking and writing skills.

NOW MORE FLEXIBLE

- You may download a class on the date you choose, and have a 30-day subscription to complete it on your time schedule, and at your convenience! If 30 days is not enough, extension time is available.

LESS COST \$

- Tuition is \$125 per class ~ half the cost of our original Collegeworks class. This includes 8 modules of instruction and practice, covering the materials on the CLEP exam, along with study materials and other information.
- You may extend your time by one week for \$10.
- **YOUR SAVINGS:** Preparing for a 6-credit class exam costs you only \$21 per credit. For a 3-credit class it works out to be about \$42 per credit. Not even the community colleges offer can such a low rate! (Note: Collegeworks fees do not cover the cost of the exam, which is around \$70, and passing the exam is not guaranteed)

MORE ACCOUNTABILITY

- To help you stay on track and answer any questions, you will receive two contacts by phone or e-mail from CW staff during the month you are taking the class. You may also call or e-mail for assistance during your subscription period.

OBTAIN A DEGREE FASTER

- By taking one class a month you could get your degree in half the time you would by going to a traditional college or university. You can accelerate the process by taking more than one class a month if you desire.

MORE STUDY AND PLANNING OPTIONS...SEE THE NEXT PAGE.

COLLEGEWORKS STUDY AND PLANNING OPTIONS:

If you feel lost in the maze of college planning and are wondering if distance education is for you, don't feel alone! It can be very bewildering and many don't know where to start. Perhaps you feel that you could study on your own and pass the exam, if you could get some advice and direction. Or maybe you would like a "guidance counselor" who will work with you and help you formulate a workable plan to obtain your college degree. Don't fret! If you are that student, we have helpful options for you.

1. **Available Soon! STUDY PACKETS:** Purchase a packet of study materials for any of the classes we offer, which includes study materials, a list of resources, sample tests and helpful hints for passing the test. We will be offering study packets as a download. Cost - \$35.00.
2. **COLLEGE PLANNING OPTIONS:** Either Mrs. Wanda Burdick or a member of her guidance team will discuss your goals, then put together a plan to guide you through the process of helping you to meet those goals, including choosing schools, which CLEPS will transfer, and which ones to take. The option you choose will depend on your needs.

Mrs. Wanda Burdick or a Collegeworks counselor will guide you through the process of obtaining your degree in a faster, more convenient, and less expensive way than traditional methods. After all, isn't that what CBE and Distance Learning is all about?

NOTE: We cannot enroll you in the degree-granting institution or make phone calls to the institution on your behalf. You will have to contact the institution and work with them directly. Our goal is to be your experienced guide through the "maze" by helping you define your goals and requirements and preparing you for your Clep exams. Please contact us if we can be of service!

COLLEGEWORKS ~ HELPING YOU TO MEET YOUR ACADEMIC GOALS FASTER AND AT A MUCH LOWER COST.
